### Quick Facts about Young Voters in Las Vegas-Paradise, NV<sup>1</sup>: The Midterm Election Year 2006

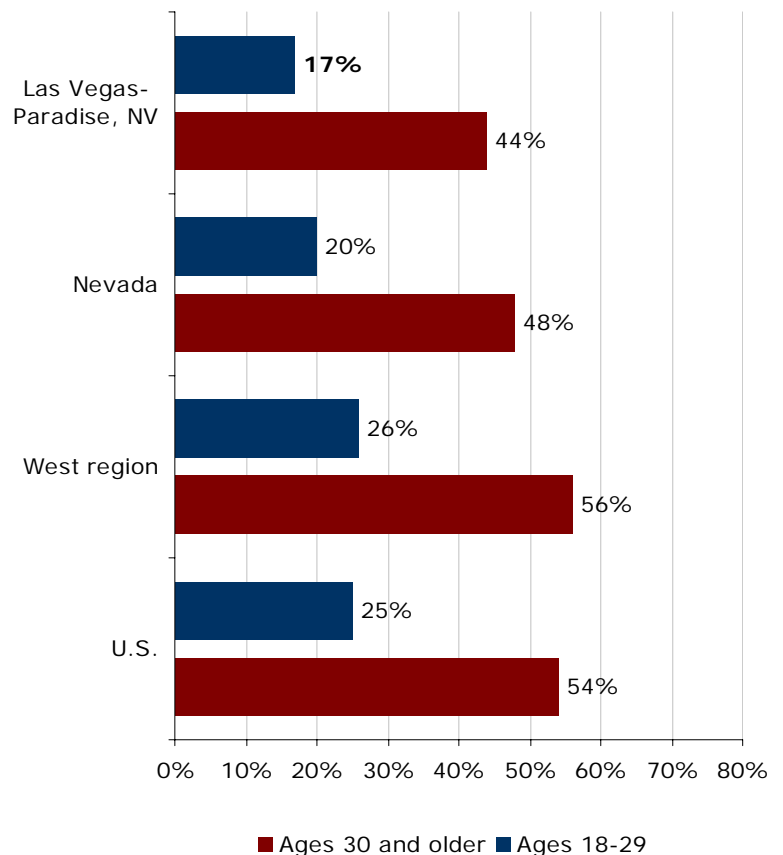

By Karlo Barrios Marcelo, Research Associate<sup>2</sup>  
July 2007

The 2006 midterm election was the second major election in a row that saw an increase in the electoral participation of young people ages 18-29. Between 2002 and 2006, the percentage of eligible young people who voted increased by 3 percentage points to 25 percent, the single largest increase among all age groups nationally.<sup>3</sup>

In Las Vegas-Paradise, NV, the voter turnout rate among young people was 17 percent, three percentage points below Nevada's state average, and eight points below the national average.

There was a 29 percentage point gap between young people and adults in the U.S., and this gap was slightly smaller (27 percentage points) at the more local level of Las Vegas-Paradise, NV.
